International Tender For Supply Of Telecommunication Quality Of Service Measuring And Monitoring System (Tqsms)

EXTENSION

The Communications Commission of Kenya (CCK) wishes to invite experienced telecommunications manufacturers and/or suppliers to tender for the supply, installation and commissioning of a Telecommunication Quality of Service Measuring and Monitoring System (TQSMS) which will be used to monitor quality of service parameters for the various telecommunications networks and services.

The equipment will be used to monitor quality of services from a user's perspective and will be required to cover, but not limited to, the following:

- Fixed voice telecommunication networks
- Fixed data communication networks
- Mobile voice communication networks
- Mobile data communication networks
- Other public data communication networks of different protocols (including IP networks).

Prospective bidders will be required to demonstrate proven international experience and expertise in the manufacturing/supply and installation of telecommunication measurement and monitoring systems for quality of service monitoring and measurement for the determination of compliance with set national quality and performance levels as well as international standards.

Tender documents may be obtained from the office of the Director/Central Support Services, Communications Commission of Kenya, along Waiyaki Way during normal working hours upon payment of no-refundable fee of USD1,000. Payment should be by bankers cheque only payable to the Communications Commission of Kenya.

Completed tender documents enclosed in plain sealed envelopes clearly marked "Tender No. CCK/TQSMS/2004" should be mailed to the address given below or deposited in the CCK Tender Box at the ground floor of the CCK Headquarter Building along Waiyaki Way on or before 6th September 2004 at 2.00p.m.

Tenders will be opened publicly soon thereafter on the same day at the same venue. Interested bidders or their representatives may attend.
