

TENDER NOTICE

REQUEST FOR PROPOSALS (RFP) FOR THE INSTALLATION, COMMISSIONING AND MANAGEMENT OF SERVICE PROVIDER NUMBER PORTABILITY IN KENYA

The Communications Commission of Kenya (CCK) is the regulatory authority for the communications sector in Kenya. Its regulatory scope spans the fast-growing telecommunications, radiocommunications, postal and broadcasting sub-sectors.

In an effort to further enhance competition and consumer convenience in the telecommunications sector, CCK wishes to facilitate the introduction of Service Provider Number Portability (SPNP) feature to enable consumers retain their telephone numbers whenever they decide to change service providers and/or service types.

CCK therefore wishes to invite Proposals from competent firms to undertake the installation, commissioning and management of a Reference Centralized Database for number portability service in Kenya.

The RFP document may be obtained from the Procurement Unit at CCK's offices, CCK Centre, Waiyaki Way, Nairobi, between 9.00 a.m. and 4.00 p.m. The document may also be downloaded from the CCK website at <http://www.cck.go.ke/tenders/>

Firms interested in submitting proposals must send a notification to CCK immediately upon downloading the RFP document via numberportability@cck.go.ke. The notifications will enable CCK to compile a database of interested bidders for future communication if the need arises.

Enquiries on issues pertaining to the RFP may also be channeled through the same email address (i.e. numberportability@cck.go.ke).

Duly completed RFP documents, in a plain sealed envelope marked **CCK/RFP/09/2009-2010 "Request for proposals for the installation, commissioning and management of Service Provider Number Portability in Kenya"**, should be mailed to the address below or deposited in the CCK tender box on the ground floor of the CCK Centre so as to reach on or before **2nd December, 2009 at 2.30 p.m.**
